

HAND SURGERY FELLOWSHIPS

VICTORIA

Victorian Hand Surgery Fellowship

A Fellowship in hand surgery is available for a 6 or 12 month period for surgeons who have successfully completed their basic surgical training and are interest in furthering their training in hand surgery.

The successful candidate will work with the surgeons of the Victorian Hand Surgery Associates in private practice and with the Plastic and Hand Surgery Units of St.Vincent's Public Hospital in Melbourne.

The fellowship involves pre-operative management of a wide variety of hand conditions. These would include elective and emergency conditions including microsurgery reconstruction and replantation.

Some exposure to paediatric hand surgery is available with visits to the Royal Children's Hospital.

The candidate would be expected to be involved in the day to day running to the hand service including undergraduate and post-graduate teaching, journal club, audit meetings, clinical and radiology conferences and ongoing clinical research. The candidate would also attend regular meetings of the Victorian Hand Surgery Society.

A monthly stipend is available for unfunded fellows.

For further details, interested candidates should contact:

Mr A.Berger

Suite 1 Level 3 Healy Wing

St.Vincent's Public Hospital

41 Victoria Parade

Fitzroy 3065 Victoria Australia

WESTERN AUSTRALIA

Upper Limb Fellowship

This Fellowship is available through the practice of Perth Orthopaedics and Sports Medicine Centre of Mr.Peter Hales.

This is a 6 month Fellowship in hand and upper limb surgery with a bias towards arthroscopic surgery of the wrist, elbow and shoulder.

The break up of cases is probably about 50% hand and 50% elbow and shoulder.

The hand cases are mainly elective with a smattering of trauma but there is no microsurgery other than additional nerve repairs.

The bias of the hand and upper limb practice is very orthopaedic, rather than plastic.

The spectrum of cases in the hand and wrist would run the whole gamut other than that which requires microsurgery.

or Perth Orthopaedics and Sports Medicine Centre

31 Outram Street,

WEST PERTH WA 6005

QUEENSLAND

Currently there are 3 full-time Fellowships in Queensland, all operating out of the Princess Alexandra Hospital.

The Fellowships are full-time positions, each Fellowship is funded through a combination of public hospital funding, private assisting and private grants.

Eligibility is on the basis of an FRACS or equivalent prior to commencement of the Fellowship. There is AOA accreditation for one of the Fellowships.

Each Fellowship involves a full clinical workload including full surgical practice as either a primary or assistant surgeon.

There is a requirement to undertake researching in conjunction with the Fellowship and there is provision for technical training at both micro-surgery and arthroscopy as part of the Fellowship. There is an opportunity to further supplement income with private assisting after hours.

Fellowships are usually for a one year period.

Hand Fellowship

St Luke's Hospital & Sydney Hospital, Sydney, Australia

The Departments of Hand Surgery at St Luke's Hospital and Sydney Hospital offer a fellowship in hand surgery to suitably qualified applicants which provides clinical experience at each of the two hospitals over a 12-month period.

Applications are invited for the periods from January - December 2012 & July 2012 to June 2013. The fellowship is suitable for surgeons who have completed training in orthopaedic, plastic or general surgery and who intend to pursue a full-time career in hand surgery. Full

qualification in one of the above surgical fields is essential. Applicants must have some previous experience in hand surgery and an interest in clinical research.

The successful applicant will undertake clinical duties at each of the two hospitals and will be expected to complete a research project ready for publication during the 12-month period.

A copy of the job description and details of conditions of employment can be obtained from handunit@slc.org.au

A letter of application, including full Curriculum Vitae and the names of three referees, should be emailed to handunit@slc.org.au or sent to the Director of Fellowship, Hand Unit, St. Luke's Hospital, P O Box 35, Potts Point 2011, Australia or faxed to 61-2-9358 5115
